National Electronic Attachment to Begin Receiving Electronic Healthcare Attachments via *FastAttach*[™] For Genworth Financial, Inc.

Atlanta, Georgia – National Electronic Attachment, Inc. (NEA) announced today that they have signed an Agreement with GE Group Life Assurance Company (GEGGLAC), a subsidiary of Genworth Financial, Inc.. The agreement will allow GEGGLAC to accept healthcare attachments for electronically submitted claims. The attachments will be transmitted to NEA's web site from healthcare providers, using NEA's *FastAttach*[™] system.

FastAttach[™] enables healthcare offices to transmit healthcare attachments (x-rays, perio charts, intra-oral pictures, narratives, EOBs, etc), via the Internet, to NEA's repository where GEGGLAC is able to view them in support of the electronic claim adjudication process. For healthcare offices, *FastAttach*[™] accelerates claim processing and eliminates the need and cost to duplicate and mail x-rays and other necessary attachments, saving Providers money.

"We are very glad that GEGGLAC chose NEA as their vendor for electronic attachments and we look forward to the opportunity to register their providers," stated Thomas Hughes, CEO of NEA. "NEA is very knowledgeable about GEGGLAC, and we are pleased to be able to bring them this service."

NEA is the leader in internet-based solutions for the healthcare industry, offering systems designed to make the process of insurance submissions and processing as easy as possible for the Patient, the Healthcare Office and the Insurance Payor. NEA is the leader in Medical, Hospital and Dental Attachments.
