National Electronic Attachment, Inc (NEA) Offers FASTLOOK

January 8, 2007 – National Electronic Attachment, Inc. (NEA) of Atlanta, GA (www.nea-fast.com) announced today the launch of FASTLOOK, an ALL Payor attachment lookup accessible via the Internet. NEA partnered with the National Association of Dental Plans (NADP) of Dallas, TX (www.nadp.org) to develop this unique solution to concerns raised by organized dentistry and providers about the complexity and accessibility of payor attachment requirements

NEA and NADP are committed to reducing the cost, confusion and paperwork related to paper claims for both Providers and Payors. “Our partnership with NEA will help our members offer a valuable service to dental offices and practice management companies,” states Evelyn F. Ireland, CAE, NADP’s Executive Director.

NADP members anticipate this relationship will reduce unnecessary radiographs and other attachments for Providers and dental offices using the FASTLOOK service. What this means to a Provider sending a paper claim is, the Provider can look in FASTLOOK by Payor and determine exactly what or if an attachment needs to be sent. Until now, only Payors receiving electronic attachments posted requirements on the NEA FastAttach website for access by providers submitting electronic claim.

We are very pleased to announce our relationship with NADP. NEA is proud to have led the process in bringing this service to dental Providers and Payors in the marketplace,” states Tom Hughes, NEA’s CEO. NEA’s FASTLOOK product gives all dental offices the ability to know requirements of the nation’s dental Payors.

National Electronic Attachment is the nation’s largest electronic attachment company. NEA’s premier product *FastAttach*[™] enables healthcare claims attachments to be transmitted, via the Internet, to NEA’s repository where insurance companies are able to view the images on NEA’s web site, in support of electronic claims.

NADP is the leading trade association in the US dental benefits industry. NADP’s member dental plans provide benefits to 132 million of the 163 million Americans with dental benefits or 81% of the total dental benefits market. NADP members offer various lines of dental benefits including DHMO, DPPO, Dental Indemnity and Discount Dental plans.
